## Resume

**This boat is extremely well equipped: air conditioning, generator and watermaker.**

**The Lagoon 450 Sport Top catamaran named "Islette," equipped with a generator, air conditioning, and a watermaker would indeed be an ideal choice for a cruise in the Seychelles.**

The generator allows for the production of electricity on board, ensuring a continuous power supply for the systems and appliances on board, even when there is no access to an external power source. **This allows you to fully enjoy the onboard amenities, such as air conditioning, without worrying about energy availability.**

Air conditioning is particularly valuable in the tropical climates of the Seychelles, where temperatures can be high. It enables you to maintain a comfortable temperature inside the catamaran, providing additional comfort during the cruise.

The desalinator is an essential piece of equipment for sea voyages as it produces fresh water from seawater. In the Seychelles, where sources of fresh water may be limited, the desalinator ensures an adequate supply of drinking water on board.

With these amenities, the Lagoon 450 Sport Top catamaran "Islette" offers you a comfortable and self-sufficient cruising experience in the Seychelles. You can fully enjoy your journey while sailing in the crystal-clear waters of the archipelago, all while benefiting from the comfort and conveniences on board.
