Resume

The new Lagoon sailing yacht appears to offer a very comfortable and user-friendly sailing experience, well-suited for a large crew. Here's a summary of the main features:

Versatile Space: The yacht's deck features a sliding door system that connects the indoor and outdoor areas, creating a large surface area to accommodate up to 12 people around a single table.

Sleeping Arrangements: In addition to the 4 standard double cabins, Lagoon offers optional "Pullman beds," inspired by sleeper train compartments, providing sleeping solutions for the 12 crew members.

New Owner's Configuration: For the first time, Lagoon offers a layout where the owner's cabin is located at the front of the boat, with a spacious bathroom at the rear. This arrangement aims to provide a more comfortable onboard living experience, reducing noise and improving ventilation through more voluminous hulls.

By adopting this approach, Lagoon seems to be aligning with the growing trend of creating open and versatile spaces on sailing yachts while innovating with a reversed owner's cabin configuration to optimize comfort and interior space ergonomics.
