Resume

The Lagoon 42, with its distinctive style and assertive personality, is a complete, high-performing, and comfortable catamaran.

On the exterior, it offers a spacious cockpit open to the sea, featuring a dining table capable of accommodating numerous guests, a relaxation area, and seating on the aft beam. The ergonomic helm station enables easy communication between the skipper and the crew. The wide aft skirts provide easy access to the dinghy and secure boarding. Additionally, the forward cockpit furnished with a sunbathing area offers additional living space.

The rigging of the Lagoon 42 is designed for enhanced performance. The VPLP hull and increased sail plan ensure a better sail area-to-displacement ratio, making it a fast and seaworthy catamaran. The aft-positioned mast brings numerous advantages, including a self-tacking jib for maneuvering ease, a larger foretriangle offering a broader range of downwind sails, a shorter boom for smoother handling, and a wider upper mainsail for improved performance in less disturbed winds. Furthermore, weight recentering reduces pitching, thereby enhancing stability at sea.

Summary

The Lagoon 42: Lagoon Shipyard's Best-Selling Model

Lagoon Shipyard, a global leader in pleasure catamarans, is renowned for its innovative and high-performance models. Once again this year, the famous Lagoon 42 continues to establish itself as the best-selling model from the shipyard, combining comfort, design, and performance. Discover the reasons behind this meteoric success and the features that make this catamaran a must-have for sailors.

Bold and Elegant Design

Teamwork with Renowned Designers The modern and sporty appearance of the Lagoon 42 is attributed to a collaboration with the renowned designer Patrick Le Quément. Together, they reworked the hulls, the roof, and the bows to provide a sleek and dynamic silhouette. This bold and innovative design is the result of close cooperation between Lagoon Shipyard, the VPLP naval design firm, and designer Patrick Le Quément.

Clean and Harmonious Lines

With its suspended roof, powerful bows, and beveled bow, the Lagoon 42 captivates with a look that is both modern and timeless. The redesigned hulls offer generous volumes and an excellent balance between performance and comfort.

A Rear-Mounted Mast for Improved Sailing Performance and Easier Maneuvering A style variation in the bows, featuring a reversed bow that enhances the sporty aspect of the catamaran Panoramic hull windows on board to fully enjoy expansive sea views **A Catamaran Tailored for Comfort and Performance**

Spacious and Well-Designed Living Spaces

The Lagoon 42 offers living spaces designed to meet the expectations of discerning sailors. Its wide gangways make it easy to move between different parts of the boat, while the ergonomic cockpit simplifies maneuvers and provides a friendly space for relaxation. On board, every detail has been carefully considered to optimize comfort and functionality, including:

A bright saloon, thanks to numerous windows that allow in natural light A well-equipped kitchen with everything necessary for preparing great meals at sea Comfortable and well-ventilated cabins, offering optimal rest after a day of sailing.

Unmatched Sailing Performance

Benefiting from Lagoon Shipyard's technical expertise, the Lagoon 42 is a high-performance catamaran that provides an excellent sailing experience. Thanks to its rear-mounted mast, it enjoys a better distribution of sails, resulting in improved balance under sail. The technical choices made for this model also reduce hydrodynamic drag, increasing its cruising speed.

The Pinnacle: Lagoon Shipyard's Best-Seller

With these strengths, the Lagoon 42 unquestionably stands as Lagoon Shipyard's best-selling model, with several hundred units sold since its launch. This success is due to a clever mix of bold design, onboard comfort, and sailing performance, appealing to both amateur boaters and professional skippers. There's no doubt that the Lagoon 42 will continue to inspire sea lovers and the entire boating industry for years to come.
