Resume

The SEVENTY 8, the new flagship, makes its grand entrance at Lagoon. This yacht, over 24 meters long, designed by the renowned naval architects VPLP, Patrick Le Quément, and Nauta Design, marks the entry into a world of Motor Yachts where luxury and comfort are paramount. Its timeless elegance and harmonious roof shapes go hand in hand with generous volumes to create an uncompromising environment where true luxury is space.

On the Exterior:

The massive flybridge of the SEVENTY 8 is customizable to your preferences: a jacuzzi, a large folding dining table on starboard, a magnificent sunbathing area at the bow, not to mention a hard top / bimini with an electric opening roof. The ergonomic helm station with seating on starboard allows for enjoying the navigation experience while admiring the vastness of the sea.

A 30m² forward platform, a veritable dance floor, offering unparalleled relaxation and freedom.

An aft cockpit, open to the open sea, with lounging space on port side, a large aft seat, and a dining table.

A Tenderlift platform, connecting the two aft skirts and providing an extraordinary swim platform.

Connected spaces that merge seamlessly, like a "walk around" inviting discovery of this grand Motor Yacht.

On the Interior:

Balanced finishes, refined interior woodwork, and meticulous material selection by Nauta Design reveal timeless elegance.

An immense saloon furnished with contemporary furniture, complemented by large windows and exceptional headroom that ensure an unrivaled panoramic view.

Outstanding communication between the interior and exterior: among the panoramic windows, the central one is a door, offering perfect ventilation to the saloon and cockpit while connecting with the forward cockpit.

A true owner's suite, independent from the rest of the vessel, offering sea access with a private beach: a technological marvel!

Large hull windows with integrated portholes for the cabins allow exceptional natural light and offer a stunning view to the outside.

A wide range of layouts for different onboard scenarios: up to five cabins, each equipped with an "Island bed," ample storage, and complemented by a private bathroom.

Crew cabins in the forward hulls for more comfort and space, available with the optional aft galley.

Autonomy: Approach long-range cruises with peace of mind.

Powerful engines: Volvo D11 - 510 HP standard / John Deere N13 - 580 HP optional, allowing speeds of up to 19 knots.

Large fuel tanks with a total capacity of 8,500 liters, providing up to 4,000 nautical miles.

Freshwater capacity of 1,500 liters.

Are you a proud owner of a Lagoon catamaran? Discover the LAGOON CLUB. Enjoy privileged online access, explore our discounts on the Lagoon Boutique, and benefit from advantages from our partner brands and marinas around the world.

If your catamaran is 50 feet or longer, you benefit from the Premium Program: personalization of your catamaran, with over 100 equipment choices, monitoring of the stages of your boat's construction, a guided tour of the Bordeaux region when you visit the shipyard, and many other surprises to make your Lagoon experience unforgettable, even before setting sail.
